SUMMARY

Full Stack Web Developer with a background in Group Fitness and 1-on-1 Coaching and a passion for working with others to solve problems. Skilled at creative problem solving and communicating effectively so that each person feels like a valuable asset to the team or group. Known for being detail-oriented and being extremely self-motivated.

CURRENT AND DEVELOPING SKILLSET:

Languages: HTML, CSS, JavaScript, jQuery, Node.js, Bootstrap, and Foundation

Soft Skills: Quick and creative problem solving, communication, self-motivated, attention to detail, always a team player.

PROJECTS

Weather Dashboard

https://github.com/tommyboone/Weather_Dashboard

https://tommyboone.github.io/Weather_Dashboard/

- An application to find out the current weather and 5-day forecast for any city
- Solo Project, so I was responsible for everything from functionality to design to UI/UX
- jQuery, OpenWeatherApi, and the Bootstrap framework

Work Day Scheduler

https://github.com/tommyboone/Day_Planner

https://tommyboone.github.io/Day_Planner/

- An hourly scheduler that allows you to input all of your workday events
- Solo project, so again here I was responsible for making sure everything worked well and looked good
- Vanilla JavaScript and the Bootstrap framework

Travel Master

<https://github.com/stevekindt/Project-1>

<https://stevekindt.github.io/Project-1/>

- Short summary of project (1-2 lines)
- Utilizing the OpenWeather API to get current weather and 5-day forecast. In addition, I was also responsible for ensuring the each section of the app was functional.
- jQuery, AJAX. OpenWeather, RESTCountries, and GoogleMaps APIs. Foundation framework.

EXPERIENCE

Manager/Trainer

2018-Present

TwinTown Fitness, Minneapolis, MN

- Managed a client list and ensured they were receiving the highest-quality experience every day.
- Extreme attention to detail and high level of consistency in a fast pace close knit team
- Continually pushed the staff to perform at their best every day
- Leading from the front.
- Management of all new and returning clients
- Constantly strived to be at the forefront of all new training methods and techniques.

EDUCATION

Bootcamp Certificate: The Coding Bootcamp University of Minnesota, St.Paul, MN

A 24-week intensive program focused on gaining technical programming skills in all front-end and back-end development. Focus was on ensuring proficiency in each aspect of web design.

Degree or Certification: University of Minnesota, St.Paul, MN
